WGXC volunteers are working hard to launch a 3,300-watt community radio station. More than 78,000 people throughout Greene and Columbia counties will be able to receive the signal on 90.7-FM. WGXC received its license from the FCC and a grant from the US Commerce Dept that will cover 50 percent of our equipment needs. We now need to raise matching funds in order to get on the air. Join us on November 14 and help launch WGXC-FM. WWW.WGXC.ORG
