Describe the Media Artwork

We understand that many contemporary artists and artworks are multidisciplinary/interdisciplinary in nature. MAAF also recognizes that art and technology can take many forms. In order to be eligible to apply to the Media Arts Assistance Fund, you must demonstrate that media art is the primary discipline of the work for which funding is sought.

This is the title of your project for which you are requesting MAAF support.

Select...

Please select the primary media arts discipline that describes the artwork for which you are seeking support.

If applicable (if your work is time-based and linear) please enter the duration of your project. Please use the following format: hh:mm:ss. If your request is for completion support, estimate the overall time of completed work.

Limit: 500 words

Describe the media artwork for which you are seeking support.

Limit: 500 words

If you are requesting funding for completion, please detail your plan here. Articulate what has already been accomplished and what is left to do. Remember that the proposed project must be in the final stages of creation with an anticipated completion date before August 31, 2023.

Limit: 500 words

If you are requesting funding for public presentation, please detail your plan here. If you are only requesting completion support, articulate a preliminary distribution plan so that the review panel understands your vision for the work post completion. Include a description of

potential distribution modes and/or potential exhibition opportunities, including the intended audience(s) and final format(s) appropriate for the intended public presentation.

Presentation Venue(s)/Platform(s)*

Select all that apply, identifying the anticipated public presentation venues and/or platforms for the work.

Media Artworks possess a unique set of challenges in regard to preservation and ensuring future access. Please describe your preservation plan. If there is no plan, explain why.

Please provide an outline of the timetable for the proposed work during the project period. Remember MAAF 2022 support falls between September 1, 2022 - August 31, 2023.

Please list each expense and its corresponding dollar amount. Enter each item on its own line. An artist fee for the applicant artist is an eligible expense, but it may not exceed 15% of the MAAF grant request. Please note that for Public Presentation Support eligible expenses are limited to: Festival Submission Fees; Formats / Duplication / Packaging; Promotional Materials (Print, Digital, Online); Shipping; Publicist; NYS travel; Gallery or Site-specific Installation Equipment / Supplies; Gallery or Site-specific Installation Documentation.

If your budget expenses exceed the amount you are requesting with this proposal, please enter the details of your anticipated income, other than your request to Wave Farm, here. Enter each item on its own line.

(optional)

Requests should not exceed the maximum possible award amount of \$7,500. Your request should be the sum of your expenses, less and non-MAAF income noted in your application.

If your project is awarded significantly less than your requested amount, will you be able to execute the proposed work regardless? If yes, briefly describe the scalable components of your plan.

Work Samples

In this section you will be asked to supply a brief (no more than five minute) excerpt of your project for panel review. If your project is installation based, you must provide a link(s) to the primary time-based elements of the finished work for panel to review.

For Completion Support, you must be in the final phase of your project, and beyond the conception or production phase. As such, a moving image or sound Work Sample from your application project is required. If you are solely seeking Public Presentation Support, a

moving image or sound work sample excerpt of your application project is also required.

If a password is required to access your Work Sample, please provide it here.

Please provide any special instructions or note relating to your work sample.

If you are requesting support for Public Presentation of an already completed work, then you must provide a link to the completed project, in addition to the 5 minute Excerpt. Please provide that here. If your project is installation-based, you may include additional documentation, or a single media-based element from the installation.

If a password is required to access your Completed Work, please provide it here.

Select up to 3 files to attach. No files have been attached yet. You may add 3 more files.

Acceptable file types: .pdf, .doc, .docx, .txt, .rtf, .wpf, .odt, .wpd, .csv, .jpg, .jpeg, .gif, .tif, .tiff, .png, .svg

If you would like to include additional supporting materials, you may do so here.
