

Application: MAAF Forward Fund for Organizations

For organizations, MAAF provides funds to support technical strategies for online development as well as to hire outside consultants to support organizational and professional development. Eligible organizations have missions specific to the media arts, dedicate the majority of their programming to technology as an art form, and are current NYSCA grantees. Priority will be given to Electronic Media and Film organizations. Applications from multi-disciplinary organizations that incorporate art and technology will be considered on a case-by-case basis.

Full program guidelines are available at <https://wavefarm.org/grants/maaf-orgs/about>.

Description of Media Arts Activities

500 word max.

Please describe your organizations Media Arts Activities here.

MAAF eligible organizations have missions specific to the media arts, dedicating the majority of their programming to technology as an art form. Priority will be given to Electronic Media and Film organizations. Applications from multi-disciplinary organizations that incorporate art and technology will be considered on a case-by-case basis. Please note that MAAF defines media arts as creative expression in all genres of time-based and moving image media, including emergent technology. Activities where technology/platforms such as radio or the Internet is employed solely as a communications medium for expressions in other genres such as dance, folk arts, music, literature, and theatre are not considered eligible.
